

Terms & Conditions and Consent for Participation in a survey for the EU funded project SCORE (Grant agreement No. 724112)

Survey “Impacts of global risks and developments on the European transport manufacturing industry and its future competitive landscape”

I volunteer to participate in the survey ‘Impacts of global risks and developments on the European transport manufacturing industry and its future competitive landscape’ for the European SCORE project, and support the activities conducted by the project consortium with my expertise and my knowledge. I understand that the project is designed to gather information about competitiveness indicators of transport manufacturing industries. I will be one of approximately 30 respondents being interviewed for this research.

1. My participation in this survey is voluntary. I understand that I will not be paid for my participation. I may withdraw and discontinue participation at any time without penalty. If I decline to participate or withdraw from the study, no one on my campus will be told.
2. I understand that most respondents will find the survey’s topics interesting and thought-provoking. If, however, I feel uncomfortable in any way during the survey, I have the right to decline to end the survey. I may also provide such feedback by filling out the open fields reserved for comments within the survey.
3. Participation involves answering on survey questions on the basis of an invitation from one of the consortium partners of the SCORE project.
4. I understand that SCORE researchers will not identify me or my institution by name in any reports using information obtained from this survey, and that my confidentiality as a participant in this survey will remain secure. Subsequent uses of records and data will be subject to standard data use policies which protect the anonymity of individuals and institutions.
5. I have read and understand the explanation provided to me, and I voluntarily agree to participate in this survey.
6. I have been given access to these terms and conditions.
